

Dewch i feddwl!

Prynodd Sara afal. Pris yr afal oedd 10c. (Sara bought an apple. It cost 10p)

Talodd â'r arian cywir. Pa ddarnau arian ddefnyddiodd hi? (She paid for it exactly. Which coins did she use?)

Mae llawer o wahanol ffyrdd o wneud hyn. Meddyliwch am gymaint o ffyrdd ag y gallwch. (There are many different ways to do this. Find as many as you can.)

Her ychwanegol: Beth os fyddai'r afal wedi costio 20g, neu 30g neu fwy? (Extra challenge: What if the apple cost 20p, 30p or more?)
