

# Dewch i feddwl!

Mae Jac yn plannu 30 o hadau ffa.

Mae'n eu plannu mewn rhesi cyfartal.

Sawl ffordd bosibl y gallai osod yr hadau? (e.e. 3 rhes o 10 neu  $3 \times 10$  )

Beth am dynnu llun ac ysgrifennu brawddeg llusosi?

Jack plants 30 beans in the garden.

He plants the beans in equal rows.

How many different ways could he arrange the beans? (e.g. 3 rows of 10 or  $3 \times 10$ )

What about drawing pictures and writing a multiplication sentence?
