Follow us on 'twitter' also! @YGGBrynymor1

This term's theme is 'Festival Fun!'

Here are our ideas for the term!

Humanities

- Learn about a range of carnivals and celebrations in Wales and around the world—we shall be choosing one festival to study in greater detail.
- Learn about St David's Day and the Easter Festival.

Science and Technology

- To continue to learn how to stay safe on the web and to learn how to send a simple online message.
- To plan and build various structures and objects using a variety of equipment.
- To plan and create a mask or head-dress to wear to a carnival or celebration.

Expressive Arts

- Develop our collage skills and enjoy emulating the work of a famous artist.
- Learn new songs, enjoy listening to carnival music and use percussion instruments to play musical patterns. Compose music using musical instruments and suitable apps, e.g. Garage Band.
- Develop our performing skills.

Health and Well-being

- To practise and develop our physical skills and improve our fitness.
- To practise our fine motor skills using our busy fingers station.
- To take pride in the sense of belonging to a local community and to Wales as a country.
- To enjoy learning about how people from other countries around the world live.
- Develop an understanding of how we can be a good friend and make a difference to others' lives.

Mathematical homework will be distributed on a Thursday/Friday. We must try to remember to return it on Monday.

A short list of words will be given on a Friday to learn by the following Friday when we will be given a spelling test. (Yr 2)

Languages, Literacy and Communication

- Set up a Fancy dress 'Photo Booth' shop in our role play corner and enjoy dressing up, handling money and taking the role of professional photographers.
- Continue to practise our reading skills
- Read and enjoy a variety of stories and factual books.
- Enjoy writing for a variety of purposes, including writing an explanation and re-telling stories.
- Continue to practise our spelling and handwriting skills

Mathematics and Numeracy

- Practise counting, recognising, writing and arranging numbers to at least 100.
- Practise and develop our addition, subtraction, multiplication and division skills.
- Use money and practise giving change.
- Learn to tell the time.
- Enjoy playing mental mathematical games.
