- deliver live sessions through Microsoft Teams
- start lessons promptly
- notify the learners of scheduled lessons (through the use of the calendar in Teams) as well as what will be required during that session (documents, presentations etc)
- discuss roles and responsibilities and a short tutorial on the system at the outset of all lessons or in the check in lessons
- notify the school's senior management team, learners and parents of any cancelled lessons or changes in arrangements
- ensure that recordings of the session are not made public
- ensure that they keep themselves up to date with all relevant policies and procedures, including online safety, safeguarding and data protection policies

- choose an appropriate workspace where other family members will not be walking around and disturbing you and explain to your family you are starting a lesson – this should not be in your bedroom
- minimise distractions. Turn off music, tv, phone, Xbox in the background. Don't impact on the experience of the lesson for other pupils
- ensure you dress appropriately and treat the lesson as you would in school
- show respect for everyone in the online classroom
- positively contribute to the class and not be disruptive at any time. Use the hands up tool to ensure you don't talk over others
- parents can listen in on lessons, support their children (especially the younger pupils) but should not ask questions or speak for their child
- any comments or questions should be on the topic being discussed
- any comments or questions which are inappropriate will be removed
- behaviour in an online lesson should be as expected in any lessons and any disruption will be dealt with by the schools' behaviour policy.
- If you disconnect from the call for any reason such as internet or power issues, don't panic, reset and join again
- not make recordings/images of the class or the teacher
- learners agree not to initiate any live sessions without a teacher present
